- b) Where all individual components of assessment must be passed in order to pass the module, only one opportunity to resubmit the failed component will be offered;
- c) Failed work will normally be resubmitted within four weeks of students receiving their marked work for the original attempt;
- d) A second submission does not need to be approved by the Board of Examiners before it takes place;
- e) The Board of Examiners will reinstate the module mark for a previous attempt at a failed module if it is higher than the mark for the most recent attempt;
- f) When a reassessment opportunity in a component leading to a numerical mark is offered, the module aggregate will be calculated as follows:
 - i) Where students are not required to pass all the individual components of a module, the maximum mark that will be recorded for a module as a result of a second attempt is the pass mark;
 - ii) When presented to the Board of Examiners at the end of the year, marks for resubmissions will be subject to capping in the following way. Where students are required to pass all individual components of assessment, a pre-resubmission module aggregate will be calculated using the failed mark(s):

- If the pre-resubmission module aggregate was below the pass mark then the resubmission can improve the module aggregate mark up to the pass mark only.
- If the pre-resubmission module aggregate was above the pass mark then the resubmission cannot improve the module aggregate mark. The module aggregate is capped at the pre-resubmission aggregate.

For reassessments resubmitted in-year, where the pre-resubmission aggregate is not known, the mark for each resubmitted component will be capped at the pass mark.

5.1.1. If a student fails a module on the second attempt at the assessment no further attempt is allowed and the student will be required to withdraw unless there are extenuating circumstances accepted as valid by the Board of Examiners.

5.2. Resubmission of Dissertation or equivalent

- a) Resubmission of dissertations or equivalent is only permitted in the following circumstances:
 - i) Either extenuating circumstances accepted as valid by the Board of Examiners; or
 - ii) Where the original mark awarded is at least 40 and the Board of Examiners judges that the work required to achieve a pass does not include any additional experimental or practical work.
- b) Resubmission is subject to the following conditions:
 - i) A dissertation or equivalent must normally be resubmitted within two months of the formal notification of permission to resubmit; in cases

of extenuating circumstances, this may be extended to a maximum of twelve months;

- ii) A dissertation or equivalent which has been resubmitted because of a marginal fail shall be awarded no more than a maximum mark of 50; in the case of resubmissions because of extenuating circumstances, the full range of marks shall be available to examiners.

- f) Determining the appropriate award for each student;
- g) Determining whether a student can progress to the second or third year;

- h) Requiring any student who fails the second attempt for a module to withdraw.

6.1.1. An Interim Board of Examiners Meeting shall normally be held at the end of each academic year.

6.1.2. Students will be required to withdraw where the accumulation of further credit would not result in the achievement of any postgraduate award according to the Rules of Assessment.

6.2. Extenuating Circumstances

If you submit Extenuating Circumstances and they are accepted as valid, the Board of Examiners may be able to offer additional assessment opportunities, such as reassessment for uncapped module marks or voluntary reassessment, in line with the Extenuating Circumstances [Policy](#) and [guidelines](#). When extenuating circumstances are accepted, the Board of Examiners will use its discretion to determine what if any action should be taken in accordance with the powers set out in the Policy. Except in the case of accepted extenuating circumstances, Boards of Examiners do not have powers of discretion in relation to the application of the Rules of Assessment.
